

## How do I organise my accounts on the Welcome Page?

'Organise Accounts' allows you change the accounts you see in the Welcome Screen.

'Default Account' is used to select the account you see in the Transaction History box.

'Display Account' is used to select the accounts you include in the 'Account List' box. For example, you may have 6 sub accounts, but only want to see 3 of them in Netlink. Just untick the box next to those you no longer want to see.

### Organise Accounts

The Default Account is the account that will be selected on the Summary page.

By checking the Display Account boxes, you can choose which accounts to display on the Welcome Screen.
